DELIVERING THE LATEST INNOVATIONS IN AIRCRAFT INTERIORS

AIME & MRO Middle East are held under the patronage of **H.H. Sheikh Ahmed Bin Saeed Al Maktoum**, President of the Dubai Civil Aviation Authority, Chairman of Dubai Airports and Chief Executive and Chairman of Emirates Airline & Group.

Taking place from **11 - 12 February 2019**, AIME provides the ideal platform for interiors suppliers, providers and buyers to network and establish new relationships in the Middle East and Africa.

The global aircraft cabin interiors market has been predicted to grow from **\$26.02 billion** in 2017 to **\$38.85 billion** by 2020, at a CAGR of 8.35%, according to Markets and Markets. The current boom in fleet investment by Middle East airlines, including both new and retrofit aircraft needs, illustrates the importance of the region to the industry. AIME provides the platform for this market to convene, evaluate products and make purchasing decisions supporting the substantial growth in the region.
